

Specialty Lamps

Buying your lamps from the equipment manufacturer (OEM) always costs more. We give you top quality lamps that meet or exceed original specifications, with dependable, reliable service, while saving you money. Plus you get:

- **SINGLE SOURCE:** Our toll-free number gives you access to a single reliable source for all your lighting needs. We can locate many hard-to-find and obsolete lamps, to keep your equipment running.
- **EASY ORDERING, NO-HASSLE:** Give us the part numbers and we'll do the rest. If you don't know the numbers, we'll use our proprietary cross-reference guide to identify the lamps you need.
- **NO MINIMUM ORDER:** We appreciate your business, so no order is ever too small.
- **CONSISTENT QUALITY AND PROMPT NO-HASSLE SERVICE:** You always get the best lamps, and since human beings answer our phones, you'll get the help you need right away.
